

Forget My Name

Danko Jones

Hot shot, walkin' up and down the block
I like it how her mini-skirt keeps climbin' upShe turns boys into toys, winnin' all of their affection
She gives me such a shock, baby, I am no exceptionI always get too shy each time she give me the eye
I got it bad but it's getting worse, I can't denyShe makes me... forget my name
She makes me... forget my nameLittle Miss Evil got a way with people
She's got 'em under her thumb, wrapped around her fingerI get a shakey leg when she sees me starin' at her
I don't know what to do, baby, I can only shiverShe makes me... forget my name
(Yes she does)
She makes me... forget my name
(Yes I do)*solo*I wanna...
I wanna...
I wanna... BURN IN HELL WITH YOU!I wanna...
I wanna... yeah
I wanna... BURN IN HELL WITH YOU!I wanna
I wanna
I wanna
I wanna
I wanna... BURN IN HELL...Hot shot, walkin' up and down the block
I like it how her mini-skirt keeps climbin' upShe turns boys into toys, winnin' all of their affection
She gives me such a shock, baby, I am no exceptionI know a lot of girls but she is one of a kind
I'm gonna burn in Hell but not without her by my sideShe makes me... forget my name
(Yes she does)
She makes me... forget my name
(Yes I do)She makes me... ohhh... forget my name
YEAH!
YEAH!
YEAH!
