

# Holdin' On

## Skee-Lo

Bonsai and oh my  
Yippee Kai yai yay  
Hello, hello, hello  
Hooray, hooray, hooray  
I am here to interrupt your regular program  
So, hey man, now don't you touch that dial  
Unless we step in single file, keep it pretty slowly'Cuz you know I like to focus on the ease  
And you can call me Skee if you please  
So come on in, come on in  
Come in and give a pound mix and mingle with your friends  
Or just have a drink or just sit down  
Get up, stand up, come on throw your hands up If ya girl is throwin' fronts then your brothers keep your chin up  
Be cool with the flexin', she's in the mood for sexin'  
You could pop the question but that's just my suggestion  
And when the mood is right we can switch it off to candle light  
But hold on to your girls 'cuz if you don't, well, then I might  
I know that you just might be in the mood-a  
To want to shoot a spark into the dark but this is just a start I'll keep holdin' on  
I'll keep holdin' on Thinkin' back black, yo, I could remember that high school flame  
Now was it Nikki or Lorraine, yo, what was her name  
Anyway she was so cute that back at school I tried to rock it  
But she often put her purse to any brothers tryin' to knock it  
So stop it to get with, I got with  
But what's this, was honey just fakin' it That kept me from my ducats  
Now the rain has gone I can clearly see  
What was we enemies?  
Not for long alone is what she wants to be  
But what am I to do, what am I to do?  
What would you do if you were in the same shoes? With a bunch of bad news from my hoodrat  
Sorry but I gotta scatter I'm movin' from the East to the West  
So please say God Bless and oh, yes, see I miss her very much  
I wish that I could give her my number  
So that she could stay in touch  
I wonder if she remembers me and what went on  
And if she does not understand word is born, I'ma keep holdin' on I'll keep holdin' on  
(I'ma keep holdin' on)  
I'll keep holdin' on Well, hello my honey [unverified] dips [unverified]  
See I'm back from my trip, all the letters you wrote I kept  
Do you remember when I left?

I said, "I'm leavin' on the next plane  
Don't know when I'll be back again"  
Kiss me, smile for me, tell me that you'll wait for me  
Hold me like you'll never let me go my little trick-a-dee  
'Cuz life is what you make as we take it as reality  
Now we're reunited and it feels so good You know we're reunited and it feels so good  
Through the centuries of time heal the rhymes and unwind  
Melodies flowin swift with the jazz fill  
Kill the lights, move in closer to your loved ones  
Baby, hold 'em tight like tomorrow never comes  
Gaze into the eyes, sympathize not the sympathy  
Me and Mrs. Jones got a marriage going on, understand me  
Everything is dandy so what can be wrong  
And if you now know the song then sing along I'll keep holdin' on  
I'll keep holdin' on  
(My word is true) I'll keep holdin' on  
I'll keep holdin' on  
(I'ma keep holdin' on) I'll keep holdin' on  
I'll keep holdin' on
