

# I Like To Do It

## KC and The Sunshine Band

I baby I  
I like to do it  
With you  
I baby I  
I like to do it  
With you  
I like to boogie down all night long  
I like to do it with you  
I like to shake it up  
Shake it down  
Do it with you  
I baby I  
I like to do it  
With you  
I baby I  
I like to do it  
With you  
I like to take you uh round the world  
Do it with you  
I'd like you to be my one and only girl  
Do it with you  
I baby I  
I like to do it  
With you  
I baby I  
I like to do it  
With you  
Oh yeah yeah yeah  
Do it with you  
Oh yeah baby  
Do it with you  
Aw  
Do it with you  
Do it with you  
I like to do it with you  
I like to do it with you  
I like to do it with you  
I like to do it with you  
I like to do it with you

I like to do it with you

I like to do it with you

I like to do it with you
