

# BREAKDOWN

## Prince

Listen to me closely as the story unfolds  
This could be the saddest story even been told  
I used to want the house with the biggest pool  
Reminiscing now I just feel like a fool

Keep breaking me down, down, down  
Keep breaking me down, down, down  
Keep breaking me down, down, down  
Keep breaking me down, down, down

I used to throw the party at the New Year's Eve  
First one intoxicated, last one to leave  
Waking up in places that you would never believe  
Give me back the time, you can keep the memories

Keep breaking me down, down, down  
Keep breaking me down, down, down  
Keep breaking me down, down, down  
Keep breaking me down, down, down

Every book I've read said that I would meet somebody like you  
Whenever I was sorry, so sorry for the things I used to do  
A journal full of numbers that I used to go through  
(1, 2, 3, 4, 5, 6, 7) all behind me now, all because of you

Keep breaking me down, down, down  
Keep breaking me down, down, down  
Keep breaking me down, down, down  
Keep breaking me down, down, down

You keep breaking me, you keep breaking me down  
I don't wanna, wanna go no  
Don't wanna go down, down, down

Baby, baby see there's a door that you can walk through  
Where there used to be a wall  
I don't care, it's cool as long as you catch me baby  
(Catch me when I fall) If there's ever a fall  
Closer to the breakdown, the closer we get
