Falling Down

Emmylou Harris

(Patty Griffin)I'm falling down
I need to sleep
Come a long long way
No time for weepin
No time for weepin
Quiet now I'm falling down
I'm falling down
I have heard
A million tales
I have told
A million more
Some of them
Must have been true
But I don't know anymore
I'm falling downDo your dance on my head
Heavy steps of the dead
Everything the snow surrounds
Falling, falling, falling, falling
Falling,falling down
I'm falling down
