

That's Not Love

Keb' Mo'

It ain't you
No it ain't me
That's not the way
Love's supposed to be And it's just no good
No it ain't right
For you to be sitting all alone
Crying every night You're down on your knees
Scared he's gonna leave
But if you really wanna know
You're gonna have to let go 'Cause that's not love
Love don't feel that bad
That's not love
It don't feel that sad
No that's not love
'Cause you don't feel good inside
I don't know what it is
But that's not love Inside your heart
It's always raining
And you're oh so tired
Tired of your own complaining This is for real
It ain't no game
You can't measure your love
By the depths of your pain
