Beyond The Trees

Doro Pesch

Beyond the trees
Nature's reign is ending
Children unattended
Freeze
Beyond the trees
The world is so much colder
Dreams turn into soldiers
And bleedThe earth is turning
Kings are burning
The missions down
To the ground
As time passes
Cold bastards
Frighten me
Beyond the treesBeyond the trees
Beauty's lost in boundary
Insanity surrounds me
HereBeyond the trees
If there is disaster
Is there something after
For meThe earth is turnin'
Kings are burnin'
The missions down
To the ground
As time passes
Cold bastards
Frighten me
Beyond the trees
