8 O's of that syrup, Straight rollin that purp
fat ass on my lap she pulling my shirt
Hamma's all in my belt, bring bringing my scalp
high is all the things up, showing all for myself
real nike's and my mikes, vans chucks and my spikes,
low ridin yo chick, right behind my bike
barney pissing my sprite, Christmas grintching my swish
ballin on em all night, me and my bitch
call em hoes fo more molly, call em hoes more drink
sixty racks in my pocket, all them hoes going think

[Hook:]
Yep and its time for guns to get lifted
its time for guns to get lifted
its time for guns to get lifted
border brick for my kicks, border brick for my click
couple trons for my kicks, one for my bitch
they aint searching no woman I just..that two pocks
ping pong in that grinding, feel like holla grand two pocket
gangsta party bust the big chocking
I dont care what youre rolling as long as Im smoking
damn I love to see money but I show it
memory of keep money mental for my moment
..for that Im.. watch yourself cause Im mad

I wish tryin to get wasted
only time Im smiling is when I get faced it
take the time taste it, David..basin
put the bag in that lab I get..
take the time taste it, base it
take the time taste it, David..basin
put the bag in that lab I get..
