

# Warm Water

## Banks

Looking you over  
And you don't know my name yet  
But by the time you looked awayÂ  
Already knew I couldn't fake itI got this need for you  
Forming in my beating heart  
I knew the meaning right away  
We only yesterday,Â were worlds apartI think I may love you  
If you give me some time,  
Maybe you'll love me tooI got this thing for you  
If you come closer I can whisper in your ear  
And if you wanna walk away  
I'll tell you all the things I know you wanna hear.I'll come closer  
To you if you  
Come over  
I know we'll go farther  
Farther with you  
With you I'm in warm water swimming down.I think I may love you, if you give me some time,  
Maybe you'll love me tooI'll come closer  
To you if you  
Come over  
I know we'll go farther  
Farther with you  
With you I'm in warm water swimming down.I'll come closer  
To you if you  
Come over  
I know we'll go farther  
Farther with you  
With you I'm in warm water swimming down.
