I want your PC
Sit on my laptop
Push all my buttons, baby
Please don't stop
Download all over me
Lemme into your bits and dat
Dial me up, it's time for cybersex
It's like four in the morning
Wake up like you're hungry
I know you're really horny
Really need you something
Look over at your PC
Start thinking freaky
Know you need me, power it up
Come see me 'cuz
I want your PC
Sit on my laptop
Push all my buttons, baby
Please don't stop
Download all over me
Lemme into your bits and dat
Dial me up, it's time for cybersex
So you want me at your house
Squeeze the mouse, I'm comin' out
This is what you wanted now
Oh, technology, wow
Anytime you need a fix
Just put in my hard disk
No viruses, no risk
Isn't this the shit?
I'm lovin' it, 'cuz
