Silhouettes

Avicii

Press play, fast forward
Non stop we have the beaten path before us
It was all there, in plain sight
Come on people, we have all seen the sunshine
We will never get back to
To the old school
To the old rounds, it's all about the new found
We are the newborn, the one who wanna bounce
(We are here to stay)

We've come a long way since that day
And we will never look back, at the faded silhouette

We've come a long way since that day
And we will never look back, at the faded silhouette

Straight ahead on the pathway before us
Day by day, soon the change will come
Don't you know we took a big step forward
Just either way
We're gonna pull the trigger
And we're gonna give up to

To the old school
To the old grounds
It's all about the new founds
We are the new borne
The one who wanna battle the sky

We've come a long way since that day
And we will never look back, at the faded silhouette

And we've come a long way since that day
And we will never look back, at the faded silhouette
