A Little Mystery

PC 2000

I donâ€™t wanna see what cards youâ€™re holding
I donâ€™t wanna know your middle name
I donâ€™t wanna see your passport photo
I donâ€™t want the measurements of your brain

Lights, camera, no reaction
Same old plot, same old scene
Show and tell can be amusing
But I need a little
Oh, I need a little
Oh, I need a little, ohâ€¦

A little mystery
A little mystery
A little mystery
A little mystery

A little mystery
A little mystery
A little mystery
A little mystery

I donâ€™t wanna know your last vocation
I donâ€™t wanna hear your latest joke
Got to, got to keep me guessing
Donâ€™t show it all behind the smoke

Red, green, go Iâ€™m ready
Light the candles, pour the wine
Just donâ€™t make it all too easy
Cause I need a little
Oh, I need a little
Oh, I need a little, ohâ€¦

A little mystery
A little mystery
A little mystery
A little mystery

A little mystery

A little mystery
A little mystery
A little mystery

Lights, camera, no reaction
Same old plot, same old scene
Show and tell can be amusing

But I need a little
Oh, I need a little
Oh, I need a little
Oh, I need a little
Oh, I need a little
Oh, I need a little
Oh I need a little, ohâ€¦

A little mystery
A little mystery
A little mystery
A little mystery

A little mystery
A little mystery
A little mystery
A little mystery
