Ghost

Ryan Caraveo

My whole life I've been curled up, worried 'bout fitting in
Don't know what I am, I just know that I'm different
Spazzed out, fidgeting
Playing with the monsters
Only open up around the creatures that I conjure
Flashlights dangling underneath the stairs
If I ever went missin' they would always meet me there
They would be the ones to love me on the nights I needed care
Never brought em out in public cause I hate when people stare
I'll be fine
Just losing track of time
Just dancing in the city with these voices in my mind
They the only ones who listen when I tell em what I feel
No one ever understood, and they prolly never will
So, I'm going now
Away, away
So, I'm going now
Awaaaaay
So, I'm going now
Away, away
So, I'm going now
Watch me disappear just like a ghost
Ghost, ghost
Watch me disappear just like a ghost
Ghost, ghost
Riding through the city, I'm just buzzin' alone
Close my eyes while I drive cause I love the unknown
Heart beating so hard, feel it thud in my bones
Can't say I Iove her, but I wrote her dozens of poems
And I almost read em out loud hundreds of times
Closed mouth, what a waste of a wonderful mind
She gets scared when the rain and the thunder combine
And I'm from a gloomy place where the sun doesn't shine
It wouldn't work so, I admire from afar
Lying on the rooftop, lining up the stars
Hiding all my scars is oh-so exhausting
I just wanna get lost nowSo, I'm going now
Away, away
So, I'm going now

Awaaaaay
So, I'm going now
Away, away
So, I'm going now
Watch me disappear just like a ghost
Ghost, ghost
Watch me disappear just like a ghost
Ghost, ghost
Ghost, ghost
Watch me disappear just like a ghost
Ghost, ghostSo, I'm going now
Away, away
So, I'm going now
Awaaaaay
So, I'm going now
Away, away
So, I'm going now
Watch me disappear just like a ghost
