Marathon

RADIORADIO

Take your hands up off the wheel
Feel the wreck and feel the roll
Mapped it out but you lost controlBrave enough to start to runnin
Brave enough to play the part
But are you
Brave enough to finish where you start?Turn to me, I am delighted
Fantasy, I have ignited
Burning on out on the marathon
Cant you see we are leaning
So far in were missing the meaning?
Tripping on out on the marathonTake your body down a long road
Find out what it was you sold
Give it up and you feel hollowBrave enough to say you dont know
Brave enough to sleep alone
But are you
Brave enough to ever let it go?Turn to me, I am delighted
Fantasy, I have ignited
Burning on out on the marathon
Cant you see we are leaning
So far in were missing the meaning?
Tripping on out on the marathonCant walk away, one last mile
Wrap yourself warm with denial
Were pressing on out on the marathon
On and on and on
