

Crowns (Stripped)

Devon Werkheiser

Let me tell you all the places I'm going.
Let me tell you what I'm gonna do.
Let me tell you all my dreams and everything I want,
Did I mention that I really want you? Oh.I really, really, really, really, really, really, really want you.'Cause this
world has been fun on my own.
You have to learn how to do that too.
For ever since you came and went into my life,
I know your love is worth whatever it'll put me through. Oh.And I think I will keep you around.Now you've got
to tell me,
What you want to do now (now, now, now, now)I am the king I will be.
Believe and then you will see,
That you were made to be queened.
So let's remember our crowns.And don't forget that all our life has changed.
So we can't just go and sit on our thrones.
We have to build and grow and earn and see,
And think and hear and face our fears,
forget some that we have known. No, ohh oh-oh.Are you the water or the stone?And now that I have you by my
side,
I know that I have somewhere to call home.
'Cause I can win at every game of war,
And speak to God and be adored,
Without you I'd be sleeping alone. No.No, I think I will keep you around.Now you gotta tell me,
What you want to do now (now, now, now, now)I am the king I will be.
Believe and then you will see,
That you were made to be queened.
So let's remember our crowns.There is a love, I know that it's more than me.
The light will show you the way-ay-eh.
There is a truth, we have the right to be free.
How will you celebrate today?There is a love, I know that it's more than me.
The light will show you the way-ay-eh.
There is a truth, we have the right to be free.
How will you celebrate today?I am the king I will be.
Believe and then you will see,
I am, I am, I ah-am
I am the king I will be.
And you were made to be queened.So let's remember our crowns.
