Everything You Are

Brian Dolzani

This time I know how I feel
This time I know you're something real

Everything you are to me
is something that I want to be
Everything you are to me
is something in my fantasy
I must wish upon a star but you
it's who you are

You say oh please I'm not so good
I say oh please as if you could
These days it's clear who needs who
I know I know I need you

Everything you are to me
is something that I want to be
Everything you are to me
is something in my fantasy
I must wish upon a star but you
it's who you are

Turning these bad thoughts over and over
Comparing myself to a four leaf clover
Thinking I might be better off dead when straight
from your heart it's what you said what you said

Everything you are to me
is something that I want to be
Everything you are to me
is something in my fantasy
I must wish upon a star but you
it's who you are
I just wished upon a star and you
here you are
here you are
