

# Is That a Terrible Thing to Say?

Up Up Down Down Left Right Left Right B A Start

talking me away from a half-hearted argument sunday  
with the time i kill today  
i could have gone out and been seen for hours  
please don't forget me like i'd forget me if i were you  
i'm looking at me today and hoping for what i'll be tomorrow  
is that a terrible thing to say?  
because i'm trying and dying for anything
