

To the Moon and Back

Actions Speak Louder

We're playing with fire,
A dangerous desire,
But if we do it right,
We can light up the sky.

I didn't wanna let it start.
That way we'd never have to fall apart.
Save a match, don't build the bridge.
Prevent the wound and save us both a stitch.
But I knew I'd made a mistake,
But you said it wasn't too late.

I've never met anyone like you.
Someone who cares the way that you do.
My heart and mind were no longer friends,
But you brought them back together again.

We're playing with fire,
A dangerous desire,
But if we do it right,
We can light up the sky.
You put the fear in me.
You take the air I breathe.
I'm not afraid of the flames or the fog,
But for the one that's burning with me.

I thought these wings would no longer fly.
I was a bird falling out of the sky,
But you were there to catch me,
And mend my wings ever so gently.
And I can't shake this feeling.
Can't tell if I'm still breathing.
I'm questioning everything I've ever known.
But stick with me, and youâ€™ll never be alone.

So I'll lay it all on the line.
Always and forever on my mind.
You've got a heart of gold
Worth more than any treasure a man can hold.

We're playing with fire,
A dangerous desire,
But if we do it right,
We can light up the sky.
You put the fear in me.
You take the air I breathe.
I'm not afraid of the flames or the fog,
But for the one that's burning with me.

This is the beginning of
A love that will never lose its flare.
We've got something so so rare and I'm not going anywhere.
I don't wanna let this go.
I'm gonna let the whole world know.

You put the fear in me.
You take the AIR I BREATHE.
Just know if you ever leave,
I'll still be burning.
We're playing with fire,
A dangerous desire,
But if we do it right,
WE CAN LIGHT UP THE SKY.
