Shine In the Dark (Remastered 2016)

Stratovarius

When I was young and life had only just begun
The days were long and bright
So warm and full of life
I never knew that one day you would fade away
Your colors fade to gray
It seems like yesterdayStill you're shining in the dark
You're still safe within my heart
Where my memories lie and
I will follow you
Wherever you goI am what you made of me
Your blood is my blood, and your heart is my heart
We are what we leave behind
An eternal stream
You flow through me
And I fear no more though you're gone
I know we'll meet again
I know you're there, still somewhere
You are waitingYou are the mystery that only I can know
The gentle wings that glow
The glitter on the snow
I never speak about you
Never say your name
It's not that I don't care
It's just that I'm not thereYou're still gone and I'm still here
Yet I always feel you near
Wherever I go
I am what you made of me
Your blood is my blood, and your heart is my heart
We are what we leave behind
An eternal stream
You flow through meAnd I fear no more though you're gone
I know we'll meet again
I know you're there, still somewhere
You are waitingStill you're shining in the dark
You're still safe within my heart
Wherever you areI am what you made of me
Your blood is my blood, and your heart is my heart
We are what we leave behind
An eternal stream

You flow through me
I am what you made of me
Your blood is my blood, and your heart is my heart
We are what we leave behind
An eternal stream
You flow through me
And I fear no more though you're gone
I know we'll meet again
I know you're there, still somewhere
You are waiting
