

# With a Song In My Heart

Perry Como

Though I know that we meet every night  
And we couldn't have changed since the last time  
To my joy and delight  
It's a new kind of love at first sight Though it's you and it's I all the time  
Every meeting's a marvelous pastime  
You're increasingly sweet  
So whenever we happen to meet I greet you with a song in my heart  
I behold your adorable face  
Just a song at the start  
But it's soon is a hymn to your grace When the music swells  
I'm touching your hand  
It tells that you're standing near, and  
At the sound of your voice
