Pink Fields

NeonHitch

Stop in the name of love she said, so we waited
Pull the car over I said, lets break in
I never found religion, but was born with freedom
That's the one thing I pray will not be taken
Kick my shoes off and I will run away
Will run away, will run away
Kick my shoes and I have found a place
Have found a place, that I call
Pink fields, looking so good
Will I go home, or will I run away? Yeah yeah
These Pink fields, make me feel good
Will I go home, or will I run away? Yeah yeah
eh yeah yeah, eh yeah yeah, ahh ahh x4

Breathe it in and taste it, doesn't get no better
I've survived all kinds of stormy weather
Finding ways to kill pain, shiny things go deeper
If I go much further, Amy soon I'll see you
Kick my shoes off and I will run away
Will run away, will run away
Kick my shoes off and I have found a place
Have found a place, that I call..
Pink fields, looking so good
Will I go home, or will I run away? Yeah yeah
and these pink fields, make me feel good
Will I go home, or will I run away? Yeah yeah
eh yeah yeah, eh yeah yeah, ahh ahh x4
eh yeah yeah, eh yeah yeah, ahh ahh x4
