Numb

Pet Shop Boys

Don't wanna hear the news

What's going on, what's coming through

I don't wanna know, don't wanna knowJust wanna hide away

Make my my escape

Just want the world to leave me aloneFeels like I feel too much

I've seen too much

For a little while

I want to forgetI wanna be numb

I don't wanna feel this pain no more

Wanna lose touch

I just wanna go and lock the doorI don't wanna think

I don't wanna feel nothing

I wanna be numb

I just wanna be, wanna be numbCan't find no space to breathe

World's closing in right on me now

Well that's how it feels, that's how it feels Too much light, there's too much sound

Wanna turn it off, wanna shut it out

I need some reliefThink that I think too much

I've seen too much

There is just too much

Thought in my headI wanna be numb

I don't wanna feel this pain no more

Wanna lose touch

I just wanna go and lock the doorI don't wanna think

I don't wanna feel nothing

I wanna be numb

I just wanna be, wanna beTaken away from all the madness

Need to escape, escape from the pain

I'm out on the edge, about to lose my mind

For a little while, for a little while

I wanna be numbI don't wanna think

I don't wanna feel nothingI wanna be numb

I don't wanna feel this pain no more

Wanna lose touch

I just wanna go and lock the doorI don't wanna think

I don't wanna feel nothing

I wanna be numb

I just wanna be, wanna be numb numb

Wanna be numbI don't want the madness

I wanna be numb
