

End of Time

De Novo Dahl

I'll fight the evil until it's all gone.
And I'll reach through darkness,
Pulling diamonds from the rough.
I'll grab the sun,
And for you I'll make it shine.
Just say you love me,
'Till the end of time.

I will connect for you a million hummingbirds.
And I'll write you poetry of everlasting words.
I'll catch the shooting stars,
And place them in your eyes.
Just say you love me,
'Till the end of time.
Just say you love me,
'Till the end of time.

Just say you love me,
'Till the end of time.
Just say you love me,
Until the end of time.
