

# So Serious

## Chiquita y Chatarra

What?  
You ready to tell 'em  
Listen, tell 'em about you, Fresh  
We got them things, got them brains  
Got a million dollars locked in the stock exchange  
Told the dealer keep the change when I cop the rings  
We lock the game, we got them things  
I got 30 cars, lived a rich life  
Like a hundred hoes and like three wives  
All guns and no knives  
(So serious)  
I got 40 cars, fuck a bike  
'Cause I don't ride 'cause I don't like  
It's 3 T's and fuck nights  
(So serious)  
Well, I got a bike and that bitch on chrome  
With a built in 2-way Motorola phone  
I wear the nights 'cause my Reebok's torn, I'm  
(So serious)  
It's Inglewood, not Hollywood  
Fuck the hills, I love the 'hood  
I cook the work and I front the goods  
(So serious)  
Melcemean, Magnolia  
Calio, we all soldiers  
Outsidaz get fucked over  
(So serious)  
Downtown, Nino round  
In the club parking lot goin' round and round  
Police, what? skirr donuts, I'm  
(So serious)  
I don't talk about it, I be about it  
I drive by and bust heat about it  
In the front page, you'll read about it  
(So serious)  
I was taught about it, how to be about it  
How to hustle 'cane, how to re-route it  
If the fed's on me, nigga, I don't doubt it  
(So serious)

Nigga please, money Hercules  
I shake the flees, keep bitches on they knees  
And build some trees with white tees, I'm  
(So serious)

We got the dough, got the cars  
Got them hoes, got them stars  
Got them broads in Manosaga Twars  
When I drop them draws, they like, "Oh my God"  
2000, 202

Rag top that's candy blue  
Fuck dubs, it's 22  
(So serious)

Gotta 61 and a 62  
And a 64 that's light blue  
And I don't ride like a domoo  
(So serious)

Got a blacked-out ree, all in league  
Under the seat, keep the dessert eagle  
Gotta call my biretta, make a nigga wetter  
(So serious)

Than a crack head in the summertime with a sweater  
All platinum, no good  
Every album, million sold  
C M R would never fold  
(So serious)

Got a Bentley coup and 2 range  
And my new spotter, it just came  
Got work for you need them thangs  
(So serious)

We the stars with the cars and the matching boats  
I give away money 'cause I love my folks  
Got the matching gators to go with them coats, I'm  
(So serious)

Not one thang but two thangs  
C M R and hoo bangin'  
Where the work 'cause we do slang  
(So serious)

We got the dough, got the cars  
Got the hoes, got the stars  
Got them broads in Manosaga Twars  
When I drop them draws, they like, "Oh my God"  
Don't give a fuck, where you're from, fuck with us  
And I'm a show your pussy ass, we ain't scared to bust  
From the CEO to the rest of us, we  
(So serious)

Chuck Taylors and fat laces  
And 211's and dope cases  
And pit fights and street races  
(So serious)  
I'm tattooed and slugged up  
Absolutely fucked up  
Ridin' around in big trucks  
(So serious)  
Whatever you do, nigga, do it great  
I'm a millionaire homie, it's about the cake  
If fresh fuckin' made it, then the shit gonna shake, I'm  
(So serious)  
Night train and Koolaide  
And Thunderbird and Gatorade  
And barrettes in my braid  
(So serious)  
Big stunner, Carleon  
Godfather, Suga Don  
Frank Nitty and Al Kapone  
(So serious)  
Thunderbird, Swiss Malt liquor  
Tell ya mom you met a real ass nigga  
That'll get you with the knife or get you with the trigga, I'm  
(So serious)  
Ice cube and Dr. Dre  
And Easy-E they made the way  
Connect gangin', NWA  
(So serious)  
We got the dough, got the cars  
Got the hoes, we got the stars  
[Incomprehensible] Got them broads in Manosaga Twars  
Outkast, B.G  
Hot Boys, TLC  
Trick Daddy and Wheezy-Whee  
(So serious)  
You don't know who DJ screw  
Scarface nigga and gangsta boo  
That nigga woof, treat a bitch like woof  
(So serious)  
Dominoes and I shoot dice  
Had a gang of roaches and a few mice  
Said, "Fuck it nigga, that's ghetto life"  
(So serious)  
Got 10 cheddar on my spread  
White fox on my bed

With a stocking cap on my head  
(So serious)  
Bought ahead the new escalade  
Where a Bush fuckin' fed, no, I'm so damn paid  
For heaven sakes, right there with Bill Gates  
(So serious)  
I hit corners, slung blocks  
Took hits and bust glocks  
Keep it gansta, fuck cops  
(So serious)  
Ridin' on them OJ's  
32's with big blades  
With dog hoes that give us head  
(So serious)  
We got the dough, got the cars  
Got the hoes, got the stars  
[Incomprehensible] Got them broads in Manosaga Twars  
So serious  
So serious  
So serious
