Melanie

Malcolm Anthony

(I know I..., I know I..., I know I...)
I know I've been gone
I've been on tour
I need a force to pour me one up
I cannot think about that nigga' lovin' you
If he do love you then I aint' enough
I feel like flying to London and picking you up
dickin' you down, know that he suck
Stop playing around we should be us
You already cheated just give it all up

I just see the Melanie
That I met back in school
See I was only seventeen
But you thought I was cool
And I know we had our problems
Baby we always got through
And I knew that shit would change
Soon as I said I would move
And everything changed up, changed us
Eighteen had the dream to be famous
Move to the wild wild west
Still hell don't know whatever we had left
These are the woman, it aint' nothin' i'm just trickin' for the sex
I understand you're stressed
But baby you blessed
And I'm sorry for the mess
I was think it was a test

The girl on my dream moved to Europe
I was thinking something I'm not sure of
Like giving it all up for you
I've been plotting all the things we could do
I'm so insane, I might just catch me a plane
Make sure that all my money's exchanged
I promise I'll change
Except that my love for you still is exactly the same

I just see the Melanie that's sleepin' in my room

Smokin' in my mama basement, always in the mood
Drop me off at work and then at lunch you bring me food
Oh how I wish I could rewind and just redo

But everything changed up (changed up) (changed up) (changed up)
Everything changed us (changed us) (changed us) (changed us)

But now that we grown you should just pick up the phone
Give me a call if you can
Know that he watchin' but how could I blame him
If he has a woman like you in his hands
Maybe Ill make it but fuck it, he cannot do what I can
He wanna ruin our plans
I'm on a mission to bring it right back
To 21-0 and I knew for a fact
I had someone to love me and have my back (have my back)
Nah it aint goin down like that, nah it aint goin down like that
Cos I never come around like that, Iâ€™ll never come around like that
And I donâ€™t even mean to sound like that, I donâ€™t even mean to sound like that

I just see the Melanie thatâ€™s laying by my pool
At my mansion in the hills, thatâ€™s the future me and you
And I know we had our problems, baby we always get through
But lets just give it time, we can see what we can do
