

# Go West

## Village People

GO WEST Together we will go our way, together we will leave some day. Together your hand in my hand, together we will make the plans. Together we will fly so high, together tell our friends goodbye. Together we will start life new, together this is what we'll do. Go west, life is peaceful there. Go west, lots of open air. Go west, this is what we'll do. Go west to begin life new. Go west, we will do just fine. Go west, sun in winter time. Go west where the skies are blue. Go west, this and more we'll do. Together we will love the beach, together we will learn and teach. I love you, I know you love me; I want you happy and carefree. Together change our pace of life, together we will work and strive. So that's why I have no protest when you say you want to go west. Go west, life is peaceful there. Go west, lots of open air. Go west to begin life new. Go west, we will do just fine. Go west, this is what we'll do. Go west, sun in winter time. Go west where the skies are blue. Go west, this and more we'll do. I know that there are many ways to live there in the sun or shade. Together we will find a place to settle down and live with the space without the busy pace back east, the hustling, rustling of the feet, Go west, life is peaceful there. Go west, lots of open air. I know I'm ready to leave too, so this is what we're going to do, Go west to begin life new. Go west, sun in winter time. Go west, we will do just fine. Go west, this is what we'll do. Go west, this and more we'll do. Go west where the skies are blue. Go west...(repeat & fade) - Jacques Morali, Henri Belolo & Victor Willis
