

Blue Shadows

B.B. King

Blue shadows fallin', since my baby went away

Blue shadows fallin', since my baby went away

You know the blues is my companion, every night and every day
The blues walked in this morning, when my
baby said goodbye

The blues walked in this morning, when my baby said goodbye

I wish I could change her mind but I know it's no use for me to try
Yes, will you talk to me baby? If it's just by
the telephone

Won't you please talk to me baby? If it's just by the telephone

Just let me tell you how I miss you baby and how it feels to be alone
So brother, if you got a good woman, man,
you better take my advice

Say, if you got a good woman, man, you better take my advice

You better treat her like an angel and keep her home at any price
