First Time Again (Featuring Kelsea Ballerini)

[Jason Aldean](#)

The mention of your name
That's all it takes
My heart re-breaks
My whole world shakes
And it's flashback driveway pouring rain
Nothing I could do nothing I can say
To slow you down
And right nowIt's like the first time watching you walk away
Begging baby please just stay
Feeling every second of the clock tick by
On an endless night
The first time seeing you with someone new
Dying inside trying to play it cool
It don't matter how long it's been
I'm always missing you
For the first time againYeah, it could start with an old song
The feeling you come on
It could be at a party
Seeing everybody
Ooh, and I'm right back wishing you were right back here
Wishing that missing you would just disappear
But it don't and it won't
And baby here I goIt's like the first time watching you walk away
Begging baby please just stay
Feeling every second of the clock tick by
On an endless night
The first time seeing you with someone new
Dying inside trying to play it cool
It don't matter how long it's been
I'm always missing you
For the first time againOh, the first time again
It don't let up it don't get better
Hell it just might last forever
It all takes me back, it all takes me backTo the first time watching you walk away
Begging baby please just stay
Feeling every second of the clock tick by
On an endless night
The first time seeing you with someone new
Dying inside trying to play it cool

It don't matter how long it's been
I'm always missing you
For the first time againYeah
Ooh, I'm always missing you
For the first time again
Hmm yeah
For the first time again, yeah
