Bloodsuckers

Capture the Crown

You're no friend to me, you're a thirsty leech!
Sucking the blood dry from within me!
Now, get the fuck out of my face!

Go ahead and stab me in the back but while you're at it, kiss my fucking ass!

The only reason I talk to myself
is because I'm the only one I can believe!
We used to be friends but now we're history.
Where is your greed?

You slither like a serpent, you circle like a shark.
You hunt me down like a wolf in the dark. [x2]

You would reach into my chest and take my heart if you could,
because you know you're dead to me.

I thought you would always be there until the end for me my friend, but you turned out to be fake.
Suck the blood dry from my veins.
I'll never make the same mistakes as I did then.

You better find a way to get away before I go insane and play a knuckle to the front of your face,
you better find a way to get away before I play the knuckle game and go totally insane! Ah!

You slither like a serpent, you circle like a shark. You hunt me down like a wolf in the dark. [x2]

You would reach into my chest and take my heart if you could
because you know you're dead to me.

I thought you would always be there until the end for me my friend; but you turned out to be fake!
Suck the blood dry from my veins!
I'll never make the same mistakes as I did then.

You can't fucking trust anyone anymore!

You can list your friends, but you can't count on them. [x2]

Now listen closely you two faced fucks, the reason why anyone will come to your funeral is to piss on your grave!

Go ahead and stab me in the back, but while you're there, kiss my fucking ass!
