My Own Fantasy

Royal Headache

I used to live in a world
Of rock and roll
And tons of girls
Here in my own fantasy
It was my own fantasyI used to dream of love
And all the things
That ruled above
They're in my own fantasy
They're in my own fantasySo now I take the dreams I had aside
Living a life I know I've got to hide
'Cause it had nothing to do with the real world any more
Trapped in the [?] of my own world ever moreI was bored of watching TV
The newspapers never registered me
Not in my own fantasy
They're in my own fantasyI left my material home
This place I traveled all alone
Here in my own fantasy
They're in my own fantasyThrough perfect worlds I traveled far and wide
The other students said I had no pride
My hair was wild my social life was poor
I thought I didn't need you any more[Take it Larry [?]][Ohhh breakdown][Yeaaaaaaaaaaaaaeeaaaah]I used to live in a world
Of rock and roll
And tons of girls
It was my own fantasy
It was my own fantasyI used to dream of love
But I never dreamed I'd be all alone
Here in my own fantasy
Here in my own fantasyFantasy! [x9]
