

Change It

Stevie Ray Vaughan and Double Trouble

You can't change it
Can't re-arrange it
If time is all that we got
Then baby, let's take it Lovin' is a lovin'
The moment is alright
It's worth all the years in the past
Let's go one more night Get away from the blind side of life
Honey, I want you to be by my side
Me an' my back door moves ain't no more
No more Get away from the blind side of life
Honey, I want you to be by my side
Me an' my back door moves ain't no more
No more Get away from the blind side of life
Honey, I want you to be by my side
Me an' my back door moves ain't no more
No more Goodnight my darlin'
Another day has passed
Forget all those painful memories
Our love's gonna last Come to me baby
Come to me one more time
It's time we got movin'
Time to move on Let's slide out the door
Let's slide out the door
Ride our way home
Let's glide our way home Let's go, let's go
Let's go, let's go
Let's go, let's go
I've come back for more
