

# Beginning of the End (Remastered)

## Wizard

After Baldur was dead  
A cruel winter came  
Three years long  
Brother kills brother  
Father kills son  
No order no law  
A time full of war  
Fear the night  
Asgards cock crowed  
The cock of Hel too  
Bridge:  
Heimdall's horn  
Sounds in the night  
Einheriers  
Are ready to fight  
Refrain:  
The beginning - Ragnarök is coming  
Of the end - twilight of the gods  
The beginning - Ragnarök is coming  
Of the end - twilight of the gods  
Fenris the dark wolf  
Breaking the chains  
Chasing the sun and the moon  
The Midgard snake  
has left the sea of sorrow  
Loki rides on a ship made of nails  
Right across the world  
Satur the giant  
Rises wih his sons  
BridgeRefrainRefrain
