Subliminal

God Dethroned

Eyes watch you from a step away
A wide grin as I manipulateIn the dark of awareness
The arena of the blind
The hell you see is nearer you thinkI feed you new filth today
Open wide as I manipulateIn the dark of awareness
The arena of the blind
The hell you see is nearer than you thinkAs I wreck the dreams and hopes of countless eyes
And feed my filth to millions
Focused on the addiction of wide screen lies
Fixed on the messages unseenUnseen, evolved, machine, subliminal
Unseen, evolved, machine, subliminalNow I've caught your attention
Fix your gaze on the information maze
Filter out my hidden agendaAs I wreck the dreams and hopes of countless eyes
And feed my filth to millions
Focused on the addiction of wide screen lies
Fixed on the messages unseenAs I wreck the dreams and hopes of countless eyes
And feed my filth to millions
The world consumes in synchrony
Willing virus for my chaos remedy
