

# December

## Ariana Grande

[Ariana]

When December comes I bet that you want to  
Wrap me all up and take me home with you  
See what I look like under them lights  
We'll keep it quiet whatever we do

I'm just tryna keep my baby warm through the winter time  
I'm just tryna to give you something to remember through the summer time  
And whatever is on your list, I'll do it!

And whatever it is, you know I'll do it!

Yeah

Merry christmas, here I am boy  
Gonna love you, gonna give you all I can boy  
Merry christmas, here I am boy  
I'm a present, and you know it, here I am boy  
Merry christmas, here I am boy  
Gonna love you, gonna give you what I came on  
Merry christmas, here I am boy  
I'm a present, and you know it, boy  
Give you the fire  
I keep inside

Got you all the way down be all night like  
Give you the sweetest kiss that you'll taste

Unwrap me now been waiting since midnight  
I'm just tryna keep my baby warm through the winter time  
I'm just tryna to give you something to remember through the summer time
