

Reward for Me

Slightly Stoopid

Everyday my heart is sore
It seem that I'm so poor
But I shall not give up so easily There's a reward for me
There's a reward for me Though I'm boarded down with shame
Still there's no one here to blame
But I shall not give up so easily There's a reward for me
There's a reward for me
There's a reward for me
Everyday sing
There's a reward for me Everyday my heart is sore
It seem that I'm so poor
But I shall not give up so easily There's a reward for me
There's a reward for me
There's a reward for me
Everyday sing
There's a reward for me
