

Loco

Kolektif An Wout

Pull

Steamroller rollin' through my head said

Attached to loco power up coal

Through the system out to the right said

You're in my light

Lock down the generator, on man screw

Don't use the system, use the main plan

Full power up to the point man

Don't fuck with me

Me loco, me loco

Me loco, me loco

Me loco, me loco

Me loco, me loco

Pull

Steamroller rollin' through my head said

Attached to loco power up coal

Through the system out to the right said

You're in my light

Lock down the generator, on man screw

Don't use the system, use the main plan

Full power up to the point man

Don't fuck with me

Me loco, me loco

Me loco, me loco

Me loco, me loco

Me loco, me loco

[Incomprehensible]Steamroller rollin' through my head said

Attached to loco power up coal

Through the system out to the right said

You're in my light

Lock down the generator, on man screw

Don't use the system, use the main plan

Full power up to the point man

Don't fuck with me

Me loco, me loco

Me loco, me loco

Me loco, me loco

Me loco, me loco
