

Quality

Monster Truck Five

Just show me the venue when I'm on the menu
It's personalized
The life of the party, I'm like Billy Barty
But regular-sized
I guess I should explain
Your guests will go insane for me
'Cause I'm serving up quality, it can't be beat
If you're not down, vote with your feet
My quality, biology
Is enhanced with high technology
Over in England, everything bent
But I'm satisfied
I hung with the stars there
You know, they drive cars there
On the other side
They barely noticed me
You said you'd go with me always
'Cause I'm serving up quality, it can't be beat
If you're not down, vote with your feet
My quality, biology
Inspired some Greek mythology
It's all true
(Cross my heart and hope to die)
I swear to you
(Stick a needle in your eye)

And if you've been misled
May some lightning strike me dead
Back Japan, they did not understand
They sent me back here
Look at them now, they're rubbing my cow there
And feeding it beer
I may go back someday
They'll have a huge buffet for me
'Cause I'm serving up quality, it can't be beat
If you're not down, vote with your feet
My quality, neurology
Is studied in theology
It's quality, it can't be beat

If you're not down, vote with your feet

My quality, biology

Is enhanced with high technology

Biology, astrology

Theology, ecology

Mythology, pathology

Cosmology, etymology

Demonology, biology

Astrology, theology

My quality, neurology

Is studied in theology
