One More Chance

Michael Jackson

Uh huh, alright

This time I'm gonna do my best to make it right

Can't go on without you by my side hold on

Shelter come and rescue me out of this storm

And out of this cold I need someone oh why oh why, why, why

If you see her tell her this from me all I need isOne more chance at love, one more chance at love

One more

One more chance at love, one more chance at love

One more

One more chance at love, one more chance at love

One more

One more chance at love, one more chance at loveSearching for that one who is gonna make me whole

Help me make these mysteries unfold hold on

Lightning about to strike in rain only on me

Hurt so bad sometime it's hard to breathe oh why, why

If you see her tell her this from me all I need is One more chance at love, one more chance at love

One more

One more chance at love, one more chance at love

One more chance for love, one more chance at love

One more chance at love

One more

One more chance at love, one more chance at loveAnd I would walk around this world to find her

And I don't care what it takes no why

I'd sail the seven seas to be near her

And if you happen to see her

See, tell her this from meOne more chance at love

Yeah yeah

One more chance at love

Tell her this from me

One more chance at love

Yeah yeah

One more chance at loveOne more chance at love, one more chance at love

Lovin' vou

One more chance at love

I can't findOne more chance at love

Lovin' you

One more chance at love

Yeah yeah one more

One more chance at love One more chance at love

For love

One more chance at love, one more chance at love
Yeah yeah I can't stop
One more chance at loveOne more chance at love
Lovin' you
One more chance at love
One more chance at love
I can't stopOne more chance at love
Lovin' you
One more chance at love
I can't stop
Lovin' you
