Just Like Before

shadowdances

Just like before
Rain came down
Like a melody at your door
Heard it before
Rain in your head
Cried last night
But you couldn't get out of bed
What was the use of crying?
Baby, baby
Can I come inside?
Baby, baby
What's taking so long?
Baby, baby
God I know it's right
Baby, baby
Can't we go on?
Just like before
A train came by
But it didn't stop at your door
Oh, it left like a fool
Pray that your bys be bygones
For crying out loud when the feelin' inside is bare
What was the use of crying?
Baby, baby
Can I come inside?

Baby, baby
What's taking so long?
('Cause my heart is aching)
Baby, baby
God I know it's right
Baby, baby
Can't we go on?
In this dream, [incomprehensible]
And I like the way this feels
Family at the top and the bottom there's you
And I like the way this feels, feels, feels
Baby, baby
Can I come inside?

Baby, baby
What's taking so long?
('Cause my heart is aching)
Baby, baby
God I know it's right
Baby, baby
God I know it's right
(What was the use of crying?)
God I know it's right
God I know it's right
God I know it's right
