

# The Last Dance

## Magnum

The last dance might be your last chance  
Over your shoulder you turn and you glance  
They walk past still no one has asked  
Feeling much older the evening has crashed  
Don't surrender don't you cry  
Another lonely night you've had enough  
Another lonely night is one too much  
Another lonely night might just give up  
The last dance  
The last dance you hide your empty hands  
No one comes near you  
The noise of the band  
You can't talk so you get up and walk  
All that you've been though  
It's not like you thought
