

Unbreakable

Smash Into Pieces

The Things you said,
Stuck in my head,
Washing away everything the time we shared,
I closed my Eyes,
And I realized,
We're looking for the same old Things what we can't have,
This Heart, it beats for sure, (Beats for sure),
All new, i feel reborn without you,
Within me I say, It's impossible for me,
Nothing left for you to say,
I let go from you,
Unbreakable,
Realize that we are gone,
That Tomorrow never comes,
I let go from you,
Unbreakable, unbreakable,
Lost in the dark,
We fell apart,
You had the Chance to right the wrongs but closed my Heart,
This Mind it knows for sure,
All new, I feel reborn without you,
Within me I say, It's impossible for me,
Nothing left for you to say,
I let go from you,
Unbreakable,
Realize that we are gone,
That Tomorrow never comes,
I let go from you,
Unbreakable,
You used to know my weakness,
How to get me down,
What you did now comes around,
You showed me how it feels like,
To be left outside alone,
I wonder if you know, It's impossible for me,
Nothing left for you to say,
I let go from you,
Unbreakable,
Realize that we are gone,

That tomorrow never comes,
I let go from you,
Unbreakable,Unbreakable, Unbreakable,
