

What's It Gonna Be

[Samantha Mumba](#)

You know there is no need to run no need to hide
'Cos baby I'm not gonna fight, no, no, no
Just me and you, let's try it hard
I wanna know what you're all about
Baby, baby, baby What's it gonna be
'Cos I'll show you, you show me
Oh baby, oh baby
Could you be my destiny
'Cos I'll show you, you show me
You saw me baby So if I walk up to ya now baby
Face to face, eye to eye, oh yeah
Would you turn your back on me
Or would you stay, would you walk away, oh baby What's it gonna be
'Cos I'll show you, you show me
Oh baby, oh baby
Could you be my destiny
'Cos I'll show you, you show me
You saw me baby, you saw me baby What's it gonna be
'Cos I'll show you, you show me
Oh baby, oh baby
Could you be my destiny
'Cos I'll show you, you show me
You saw me baby What's it gonna be
'Cos I'll show you, you show me
Oh baby, oh baby
Could you be my destiny
'Cos I'll show you, you show me
You saw me baby
