

Mademoiselle Will Decide

Jools Holland & His Rhythm & Blues Orchestra

Wait a minute now
The girl is thinking
Well, well will she wear that hat
Before she goes outside
Will she do this or that
And be satisfied
Who can tell
Mademoiselle will decide
Come on down the midway
Baby do you want to ride
Is it gonna be the roller coaster
Or the slippery slide

Who can tell
Mademoiselle will decide
Whatever you want baby
Whatever you want to do
Whatever you want baby
You know Daddy's right here for you
Wait a minute now
The girl is thinking
She's got a divorce lawyer
Once she was a beautiful bride
She's got the house and the money
Will she want what she can't divide

Who can tell
Mademoiselle will decide
Well well, Mademoiselle
Well well, Mademoiselle
Well well, Mademoiselle
Well well, Mademoiselle
Who can tell
Mademoiselle will decide
