Apology

The Go-go's

I will find a way to move on
Discontent had its day the pleasure's gone
If you ask me to describe what I could want with all I've got
I'd say good days and thank you's instead of all these question marks
'Cause when I found you
I thought my life was charmed
And we'd be safe from what
Has happened now has happened now
Apology I'm sorry, apology I'm sorry
Apology I'm sorry but I have no regrets
No one knows just why I can't stay
Starting over's alright the end so far away
I know I seem careless my moods they change like the weather

So I ask your forgiveness while I pull myself together
In the meantime, I live, I work, I wait, I hope
I still have faith that what was mine can still be mine
Apology I'm sorry, apology I'm sorry
Apology I'm sorry but I have no regrets
In the meantime, I live, I work, I wait, I hope
I still have faith that what was mine can still be mine
Apology I'm sorry, apology I'm sorry
Apology I'm sorry but I have no regrets
You'll be sorry, I'll be sorry, everybody will be sorry
