

Love No Thotties

Chief Keef

These bitches act local and think global
Never seen a 100 thousand you want me to show you
What u want that drink I know you hate being sober
And I know all these niggas hate chief Sosa
I'm cruising in my 'Rari with my Louie loafers
Bitch I'm a Rastafari I'm a trending topic
Wish a nigga would try to screw me over
Now I got blood on my Louie loafers
I wear thousand dollar belts cause I'mma rich nigga
Nina like to buss a bitch the way she hit niggas
Shoes cost a bunch of shit look at my kicks nigga
Could of bought a ass for my bitch Nigga
I'm off this activist got me leanin over
I poured full some Purp and some Peach soda
Your boyfriend a opp, I'm in nina blowing
You was on the phone with him sucking my dick he ain't even know it[Chief Keef]

[Hook 1]

I ain't even try to
You wanna Glo up baby keef got you
Yous a gold bottle these hoes pink Miscoto
Baby im the owner you can be my castle
Baby cause i like you
Only reason I text you and why I Skype you
I jus wanna fuck all you, I don't wanna wife you
But you gotta brush your teeth and do what I say do[Verse 2]
Bitch can you hear me?
Keep your pussy in part no 360
That boy said he getting gwuap, no he didn't
And Almighty Sosa his complete mission
I'm nowhere around you I'm high of this earth I can't come back down to
Baby this is a song I just thought I tell you
I'mma send you off but I don't wanna mail you
I don't wanna smell you
Cuz I'mma cut you off quicker than I met you
I'mma swipe your name up off my schedule and if smoke this blunt girl im gone forget you[Hook 2]
I ain't even playin tho i make bitches fly like peter pan tho
That's why i just ask you
You's a alcoholic I ain't got no time for you
Is you off the molly if i book your flight is you gonna top me

Okay you got me
