Stupid

Toni Braxton

Loving you is stupid
'Cause I know that you never really loved me
And you never gave me a sign so I'd see
That you and me would never have possibilities
And I feel so stupid
After all the nights you left me lonely to die
And you never gave me a reason why
And now I sit all alone and I cry
Oh, oh, oh, oh, oh, oh, oh, ooh yeah
Am I stupid?
I should have known you were only playing a game
And you and me would never be the same
You made me feel like I?m the one to blame
And I feel so stupid
After all those nights after nights that I tried
And all those conversations of lies
And I?m sitting here all alone and I?m crying
Oh, oh, oh, oh, oh, oh, oh, I?m crying
Oh, oh, oh, oh, oh, oh, oh, oh, oh, oh, oh
Can?t believe you never knew what I felt
All this love and there ain?t no one else
Who could ever love me the way that you do, oh baby
You?re all I need but you treated
Me so wrong and I can?t believe it
How could you do me like you do?
'Cause I?ve been so stupid for you
Yeah, yeah, yeah, oh baby, yeah you
Why do you do me like you do?
You baby, you darling, you hey, you baby
You baby, you darling, you
I?m stupid baby, I?m stupid, darling for you
I?m the one to blame
I?m the one left with all the shame
I?m stupid baby, I?m stupid darling, hey, yeah, yeah
Stupid is as stupid does
I?m stupid for you baby, just because
I?m stupid baby, stupid darling
