I'm Gonna Change Your Life

The Thermals

I'm gonna change your life
I'm gonna steal your soul
I'll keep you warm at night
I'll leave you in the cold
I'm gonna change your life
I'm gonna leave my mark
We can lie in the light
We can wander in the dark
I wanna know your feelings
I wanna know your shame
I wanna know your secrets
I wanna know your name
I'm gonna change your life
I'm gonna turn you around
I can lift you up
You could hold me down
I'm gonna change your life
I'm gonna leave my mark
We can lie in the light
We can wander in the dark
I wanna know your feelings
I wanna know your shame
I wanna know your secrets
I wanna know your name
[I'm gonna change your life] 5x
