

# Hope

Jack Johnson

Shadow walks faster than you  
You don't really know what to do  
Do you think that you're not alone?  
You really think that you are immune to  
It's gonna get that the best of you  
It's gonna lift you up and let you down  
It will defeat you then teach you to get back up  
After it takes away all that  
You learn to love Your reflection is a blur  
Out of focus  
But in confusion  
The frames are suddenly burnt  
At in the end of a roll of delusion  
A ghost waiting its turn  
Now I see can right through  
It's a warning that nobody heard It will teach you to love what you're afraid of  
After it takes away all that  
You learn to love  
But you don't  
Always  
Have to hold to your head  
Higher than your heart You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better be hoping you're not so, Du du du  
Hope you're not alone  
Hm hm hum Your,  
Your echo comes back out of tune  
Now you can probably get used to it  
Reverb is just a room  
The problem is that there's no truth  
It fading way too soon  
Your shadow is on the move  
And maybe you should be moving too  
Before it takes away all that you learned to love

It will defeat you then teach you to get back up  
Cause you don't  
Always  
Have to hold your head  
Higher than your heart You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better be hoping you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not alone  
You better hope you're not so, Du ru ru ru ru  
Hope you're not alone  
Hm hm hm  
Better hope  
Hu hu hm  
Better hope you're not alone  
Hu hu hm  
Hope
