Unstable

Life of Agony

This cancer's killing me
As much as it's killing you
If it takes you away from me
I don't know what I would doJust try some peace of mind
But it's so hard to find
It's so hard to just sit and wait
And wait some more, staring at the doorSkim through the magazines
Pretend like everything's
Gonna be alright
Although you know it won't beUnstable
UnstableIt's hard to be the one who's strong
He's always got a shoulder to cry on
He's got a shoulder for me
When I'm about to break downYou're never around but maybe
It's better that way, enough to worry about
You've got your hands full, don't you?
Don't you see?This cancer is killing me
Like it's killing you
MentallyUnstable
UnstableAnd all I really want to know is
If she's gonna be alright
'Cause she's been in there a long, long time
And I've been out here losing my mindYou're scared, you're frightened
You're so afraid
Of what he may say
But you try and be braveFor me sitting impatiently
In the lobby of emergency
You burst on through that door
With this look on your faceI've never seen before
You explode into endless tears
Whisper in my ear
Baby, baby, I've only got one more yearUnstable
Unstable
