

# I Know You're There

## Big Brovaz

You take me to paradise and I feel  
As though I'm goin' out of my mind  
Can't you see, every time I'm with you, I feel weak?  
Even though we're in a dream  
Oh, I can't last a day without your touch, your kiss  
Gently caressing my body, my body is only for you  
Distant love, wish I knew how I met you  
I know I shouldn't waste time wonderin'  
Is it you who yearns when I touch your skin?  
So gentle, so gentle, I can feel you  
Tell me, tell me this is no lie  
I see you in the reflection of my eyes  
If you're not here, please tell me where  
I know that you're out there  
(I can feel that you are close by, you're here somewhere)  
I've been waitin' so long for you  
(Is life a dream, are things really what they seem?)  
When I close my eyes you're here  
(Yo, I wanna hold you if only I could show you)  
Dreaming's not like reality  
(Cause you're my destiny, girl, you know)  
Need you too  
Is this a curse or am I blessed? I think I'm going mad  
Up in this cold world without my girl, I visualize her daily  
Because I am feeling incomplete without my lady  
I see things like her image, lurking in the mirror  
I'm fantasizing, wishing she were right beside me  
But realizing I am dreaming it's an illusion  
So much confusion, I'm crazy about this lady  
You haunt me, I have never met you  
But I can swear to God, in my dreams, I smell and touch you  
I long for you, wanna hold you when I am lonely  
'Cause in my heart, you're the only one who knows me  
  
If only I could manifest your very being  
I could show you a part of me, no girl has ever seen  
Believe me you're the only one in this whole world for me  
I know you're out there so baby girl, just wait for me  
I know that you're out there

(I can feel that you are close by, you're here somewhere)  
I've been waitin' so long for you  
(Is life a dream, are things really what they seem?)  
When I close my eyes you're here  
(Yo, I wanna hold you if only I could show you)  
Dreaming's not like reality  
( 'Cause you're my destiny, girl, you know )  
Need you too  
How will I know it's you  
So many faces in the world  
(Which on belong to you)  
Would you pass me by  
(If I don't say hi)  
Please leave a clue  
(I'll come find you and make our dreams come true)  
I won't hesitate nor wonder  
But please don't make me wait no longer  
(If I had my way you'd be, here with me)  
(I know it's destiny 'cause we we're meant to be)  
I know that you're out there  
(I can feel that you are close by, you're here somewhere)  
I've been waitin' so long for you  
(Is like a dream, are things really what you seem?)  
When I close my eyes, you're here  
(Yo, I wanna hold you if only I could show you)  
Dreaming's not like reality  
( 'Cause you're my destiny, girl, you know )  
I need you too
